PARTIAL LIST OF BEAUTIFUL POTTED HYBRID TEA ROSES

- **Charlotte Armstrong**
Pat. 455. Long, pointed bud of blood-red, opening to solid rich cerise. Very large and fine. An outstanding variety.
- **Condesa de Sastago**
Cupped flowers of fiery copper inside and rich gold on the reverse.
- **Crimson Glory**
Large, urn-shaped buds opening to deep vivid crimson. Delightful fragrance. One of the finest and most popular of all red Roses.
- **Eclipse**
Pat. 172. Exceptionally long "streamlined" buds of golden yellow. Prolific bloomer. An ideal Rose for cutting.
- **Helen Traubel**
Pat. 1028. A 1952 All-America Winner and certain to attain great popularity. Long, pointed buds and exquisite blooms varying from sparkling pink to luminous apricot. Fragrant, fine for cutting. Vigorous, free-flowering plant.
- **K. A. Viktoria**
Creamy, long-pointed buds, opening to pure white petals with tint of lemon in center of flower. Often considered most perfect white Rose.
- **Katherine T. Marshall**
Pat. 607. Magnificent buds and flowers of warm clear pink. Heavy textured and long lasting.
- **Mirandy**
Pat. 632. Long, red buds opening to large, fully double, maroon-red flowers. Prolific grower with blooms of unusual lasting quality and rare fragrance.
- **New Yorker**
Pat. 823. Velvety scarlet petals; large, high-centered blooms. Moderate fragrance. Bushy, vigorous growth; abundant bloomer.
- **Peace**
Pat. 591. Words are inadequate to express the exquisite qualities of this Rose. Huge long-lasting blooms in a veritable rainbow of pastel glory, ranging from yellow and pink-edged buds to gold, cream, cerise and rose. America's most popular Rose.
- **Sutter's Gold**
Pat. 885. Long, pointed, golden yellow buds, richly shaded orange and red. High-centered, richly fragrant blooms freely produced on healthy plants.

Potted Roses are the answer to your needs for filling uncultivated or unplanted spots in your garden. Visit our complete display now and select the particular rose colors that blend in best with your color scheme and layout. Choose plants that equal yours in development. Examine the foliage and buds. Pick for exact similarity. Pots keep tender feeder roots safely embedded in fertile soil, prevent setback and assure healthy growth even when plants are set out by inexperienced hands. They're ready for transplanting now and will continue to bud and bloom through the summer—right up to the first frost.

Take a look at your garden today. Decide where you can improve its beauty with additional plants. Perhaps there's room for a completely new rose section. Then, for immediate and positive results, come in and pick up the Potted Roses you need. They're easy to handle . . . easy to plant. They make ideal gifts, too!

SOME OF THE POTTED FLORIBUNDA ROSES FOR GORGEOUS ALL SUMMER BLOOM

- **Fashion**
Pat. 789. Coral-pink suffused with gold—a sparkling new color in Floribundas. Bushy plants of medium size, always in bloom.
- **Goldilocks**
Pat. 672. The first really yellow Floribunda. Buds are rich gold, opening slowly to clear yellow blooms 3 inches across. Spreading plants reaching 2 feet in height.
- **Pinocchio**
Pat. 484. Salmon-pink flushed with gold at base. Healthy plants to 24 inches.
- **Red Pinocchio**
Pat. 812. Rich velvety red, double flowers borne in large clusters. Long lasting and does not fade. Bushy, medium grower.
- **Vogue**
Pat. 926. All-America Award Winner for 1952. Brilliant cherry-coral color with high-centered, 3 to 4-inch flowers. Plants grow to about 2½ feet and are prolific bloomers.
- **World's Fair**
Pat. 362. Clusters of velvety, deep red flowers 3 to 4 inches across, semi-double. Height of plant, 30 inches.

TWO OF OUR POTTED CLIMBING ROSES

- **Blaze**
Scarlet-red flowers like Paul's Scarlet Climber, with repeat-blooming habits under favorable conditions.
- **New Dawn**
Delicate, soft pink blooms on long stems, recurring throughout the summer. This is the everblooming form of Dr. W. Van Fleet Climber.
